

# Chiller Scrappage Scheme Up to £2,000 off your new chiller with ICS

**Do you have plans to upgrade your cooling system?**

**Do you need to replace an old R22 chiller?**

**No Problem.** ICS can help you and your business by supplying a brand new energy efficient piece of equipment and also, take your old equipment away.

We're also giving away up to **£2,000 off a new ICS chiller** when you trade in your old one. You may even be eligible for a Carbon Trust 0% interest loan, of up to £100,000.

Interested now or planning a future project? Then please contact us free on **0800 169 3861** or [info@icstemp.com](mailto:info@icstemp.com), and we can send you further details or we can arrange for one of our local sales engineers to visit you on site.

# ICS Chiller Scrappage Scheme

## Trade in your old chiller for a new one with ICS

### ICS Scrappage Scheme Details

Have a chiller that's over 5 years old?  
Then you qualify for the ICS Scrappage Scheme.

We will give you a discount off your new chiller or cooling system of up to **£2,000**, when you trade in your existing unit.

Your local ICS sales engineer will visit your site and make an assessment with you about your equipment and what we would offer you in part exchange.

ICS can then arrange to dispose of your existing chiller for you and help install your new equipment if required.

We can offer you expertise in sizing and recommending the correct chiller for your application, including any additional pumps, water tanks, pipework and ancillaries.

With over 30 years experience in the UK, ICS are proud of our reputation and can offer many chillers ex-stock, here in the UK for next day delivery.

### Why Change your Chiller Now?

ICS can offer you a range of chillers and free cooling systems capable of reducing your running costs **by 40% per annum**.

With energy efficient chillers you can reduce your power use and qualify for **Government Interest Free Loans**. Please speak to an ICS sales engineer for more details and to see which ICS chillers qualify for this.

It has never been a better time to upgrade your chiller and cooling system with ICS.

Please call us free on **0800 169 3861** to register your interest and receive further information.

ICS offer a wide range of equipment, most of which is ex-stock
